I. The Psychological Architecture

YOUR NATAL ARCHETYPES & SOMATIC DISTRIBUTION

THE CONSCIOUS EGO: SCORPIO

Your Sun acts as the central reactor of your conscious willpower. Placed in **Scorpio** at precisely **1°**, your fundamental evolutionary drive asks you to master the Scorpio archetypal themes. Placed in House 8, this sector of life is where you must ultimately shine to feel validated.

THE SHADOW & INNER CHILD: PISCES

The Moon represents your emotional reflex, somatic security, and maternal attachments. With your Moon deeply anchored in **Pisces**, you subconsciously seek safety through Pisces-like environments. When under extreme stress, your baseline psychological defense strictly relies on the traits of this sign.

THE OUTER MASK: CAPRICORN RISING

Your Ascendant is the physical vehicle and the "first impression" defense mechanism. The world initially greets you demanding **Capricorn** qualities. It is the armor you wear before a stranger is allowed to witness your Sun and Moon.

Elemental Imbalance & Defense Mechanisms

Fire: 15% | Earth: 45% | Air: 5% | Water: 35%

The psychological impact of your element ratios dictates your coping mechanisms. A high percentage implies a default reliance on those traits in conflict, whereas low percentages indicate areas where you may over-compensate or project onto partners.

II. Precision Ephemeris Log

EXACT COORDINATES AT TIME OF BIRTH

The following table defines the exact geometric coordinates of celestial bodies at your precise moment of birth. Professional astrologers use these raw coordinates to compute life-long transit triggers.

Sun	Scorpio	1° 22'	8
☾Moon	Pisces	14° 5'	1
☿Mercury	Scorpio	15° 10'	8
♀Venus	Libra	29° 1'	8
♂Mars	Scorpio	6° 40'	8
♃Jupiter	Libra	24° 30'	8

♅Uranus	Capricorn	18° 5'	1
♆Neptune	Capricorn	18° 55'	1
♇Pluto	Scorpio	24° 20'	8

* Note: Outer planets (Uranus, Neptune, Pluto) govern generational karma and subconscious drives, whereas inner planets dictate immediate personality traits. The intersections between them plot the course of your major karmic lessons.
